Welcome to Bentonville Schools! We look forward to an exciting and successful school year. This handbook not only contains information specific to elementary students, but also contains the K-12 Discipline Policy and the Technology Policy. The contents of this handbook should provide information regarding policies, practices, and procedures of the Bentonville School District. Topics in the handbook are listed in alphabetical order and topics that
are more clearly defined in the District Discipline Policy are referenced within the section and have the policy immediately following. All Board of Education Policies can be found at bentonvillek12.org>Leadership>Policies

After carefully reading the handbook, please **complete the handbook verification page located online in your Etrieve account.**
Dear Parents and Guardians of Students in Bentonville Schools

Bentonville Public Library (BPL) is excited to partner with Bentonville Schools to give youth in our local community with a BPL Tech Card!

BPL Tech Cards provide access to educational resources through a dedicated portal created just for students located at www.bentonvillelibrary.org/student-portal. Students also have the option to “check-out” a card through the school library.

Some library resources offered include:
- Homework help
- Online tutoring
- Language instruction
- Prep for standardized exams
- Career and life skills guidance
- Access to databases for research
- Free downloadable eBooks, audiobooks, music and magazines*

BPL Tech Cards are free to youth in the library's service area and access to our resources is provided at no charge. The cards cannot be used for borrowing materials at the library. Students and parents must apply for a standard card at the library to check-out books, devices, DVDs, print magazines or music CDs. Library cards are free to all residents of Benton County with valid proof of identification and residency.

BPL’s mission is to engage our community, encourage discovery and promote literacy by offering lifelong learning opportunities. Together, through the tremendous support and partnership with Bentonville Schools, Bentonville Public Library is strengthening the educational opportunities of students by providing access to reputable resources and reliable information. We hope your child and family will find the BPL Tech Card useful.

For any questions regarding the program, please contact Courtney B. Fitzgerald, Circulation Librarian at (479) 271-5988. Email: library@bentonvillear.com

Best Regards,

Bentonville Public Library Team

ACADEMICS
Every Student Succeeds Act (ESSA) was signed into law in 2015 which replaced No Child Left Behind. This law prioritizes excellence and equity for our students. Like No Child Left Behind, ESSA still requires assessment of students in grade 3-8 and once in high school in math and literacy as well as various grade spans in science. In addition, scores must be reported by subgroups such as English learners, students in special education, and those in poverty. The focus of ESSA is to continue to expect excellence of every student, teacher, and school system.

ACADEMIC INTEGRITY
It is the practice of the Bentonville School District to facilitate honesty and integrity among the student body. Students must work to be successful in the classroom with each student’s success based upon his/her own merit. To this end, academic misconduct of any kind is unacceptable.

4.24 - ACADEMIC INTEGRITY
Bentonville Schools requires academic honesty and integrity by its students. Students must work to be successful in the classroom based on his/her own merit. To this end, academic misconduct of any kind is unacceptable and may result in academic sanctions in addition to other discipline.

Acting with academic integrity means:
- taking credit only for your own work and giving full credit to others whose work has been incorporated, helped or influenced your work.
- representing your own work honestly and accurately.
- collaborating with other students only as specifically directed and authorized.
- reporting breaches of academic integrity to a teacher or administrator.

Conduct that fails to achieve academic integrity includes, but is not limited to:
- giving, receiving or attempting to give or receive any unauthorized aid relating to an examination or assignment;
- knowingly misrepresenting the source of any academic work;
- unauthorized changing of grades;
- unauthorized use of school approvals or forging of signatures;
- plagiarizing of another’s work;
- otherwise acting dishonestly in regards to classroom work or assignments.

Specific examples of conduct that fail to achieve academic integrity include, but are not limited to:
- Cheating – giving, using, or attempting to see unauthorized materials, information, notes, study aids, or other devices in any academic exercise including unauthorized communication of information.
- Fabrication and Falsification – unauthorized alteration or invention of any information or citation in an academic exercise.
● Plagiarism – knowingly presenting the work of another as one’s own (i.e., without proper acknowledgment of the source). This includes the use of internet sources. The sole exception to the requirement of acknowledging sources is when the ideas or information is common knowledge.
● Facilitating Academic Misconduct – giving or attempting to help another commit an act of academic misconduct; impersonation of another student, or accessing another student’s school or technology accounts.
● Tampering with Materials, Grades, or Records – interfering with, altering, or attempting to alter school records, grades or other documents without authorization from an appropriate school official for the purpose of changing, falsifying, or removing the original information found in such records.
● Copyright Laws – violation of copyright laws. See technology policy of the Bentonville Schools for more information.

A first offense or violation of academic integrity will result in the following:
● the student will be placed on academic probation;
● the student’s parent or guardian will be notified;
● the student immediately will be required to demonstrate mastery through an alternative assignment;
● *the student will be placed on the STEP Discipline Plan at a level that is no lower than Step 4.
● *Pending administrative verification, could result in the loss of honors.

A second offense or violation of academic integrity will result in the following:
● all first offense consequences;
● a meeting will be held with the student’s parents;
● *the student will be advanced on the STEP Discipline Plan;
● *Pending administrative verification, could result in the loss of honors.

Consequences imposed may be appealed pursuant to the procedure outlined in Policy 4.32.
*Applies to grades 9-12

ACADEMIC SCREENING
The Arkansas State Legislature enacted Senate Bill 788 of 2015 to ensure that children with dyslexia have their needs met by the public school system.

As a result of Senate Bill 788 (formerly ACT 1268), school districts are required to administer universal screeners to all students in grades K-2. The screeners assess:
● Phonological and phonemic awareness
● Sound symbol recognition
● Alphabet knowledge
● Decoding skills
● Rapid naming skills
Encoding skills
Should a teacher note that a student in grades 3-12 is experiencing difficulty in any of the areas listed above, the student will be screened using assessments chosen by the school’s Response to Intervention Team.

If screening results indicate a student has a deficit area(s), parents will be made aware and the school will begin providing intervention services during the school day.

**ATTENDANCE**
We believe that all students benefit from regular school attendance. Students need to be present every day for instruction. Please notify the school office by 10:00 A.M. on the day of the absence if your child will not be in attendance.

**Tardy**
Students are considered tardy if they arrive after the instructional day begins. Students who are tardy must check in through the office and must be accompanied by a parent.

**Late Arrival/Early Dismissal**
A student must be present for 3 consecutive hours of instruction to be considered present for a ½ day. A student must be present for 6 hours of instruction to be considered present for a full day. Parents are encouraged to schedule a student’s doctor and dental appointments outside school hours. If this is not possible, parents must come to the main office to check out a child. For the child’s safety, the teacher will not release a child who has not been properly checked out through the office. Frequent late arrivals and/or early dismissals are disruptive to a child’s education and are discouraged. Changes in transportation home or early pick-up from school may not occur within 30 minutes of building dismissal time, unless it is an unavoidable emergency.

**4.10 - ABSENCES**
Education is more than the grades students receive in their courses. As important as grades are students’ regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction, which results in higher student achievement.

Absences for students enrolled in digital courses shall be determined by the online attendance and time the student is working on the course rather than the student’s physical presence at school. Students who are scheduled to have a dedicated period for a digital class shall not be considered absent if the student logs the correct amount of time and completes required assignments; however, a student who fails to be physically present for an assigned period may be disciplined in accordance with the District’s truancy policy.
**Excused Absences**

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons. The student must bring a written statement to the principal or designees upon his/her return to school from the parent or legal guardian stating such reason. A written statement presented for an absence having occurred more than three (3) days prior to its presentation will not be accepted.

1. When attendance by the student or the student’s illness could jeopardize the health of other students, a maximum of five (5) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Death or serious illness in their immediate family, i.e. – spouse, child, parent, sibling, grandparent, any relative who lives in the same household as the student
3. Observance of recognized holidays observed by the student’s faith
4. Attendance at an appointment with a government agency
5. Attendance at a medical appointment with a licensed medical physician or a mental health appointment for mental health therapy.
6. Exceptional circumstances with prior approval of the principal
7. Participation in an FFA, FHA, or 4-H sanctioned activity
8. Participation in the election poll workers program for high school students.
9. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty is on leave from active duty or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
10. Absences granted, at the Superintendent’s discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in the eleventh grade to complete basic combat training between grades eleven (11) and twelve (12).
11. Any circumstances not covered above which the District determines are excused.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

It is the Arkansas General Assembly’s intention that students having excessive absences be given assistance in obtaining credit for their courses. Excessive absences may, however, be the basis for the denial of course credit, promotion, or graduation.

**Unexcused Absences**

Absences not defined above or not having an accompanying note from the parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, presented in the timeline required by this policy, shall be considered as unexcused absences. Excessive absences shall not be a reason for expulsion or dismissal of a student.
When a student has four (4) unexcused absences in a semester, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified. Notification shall be by regular mail with a return address sent no later than the following school day.

When a student has eight (8) unexcused absences in a semester, his/her legal parents, guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified. Notification shall be by regular mail with a return address sent no later than the following school day.

Whenever a student has accumulated eleven (11) unexcused absences or has violated the conditions of an agreement granting special arrangements, in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, persons with lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

At any time prior to when a student exceeds the number of unexcused absences in a semester permitted by this policy, the student or his/her parent, legal guardian, persons having lawful control of the student or person standing in loco parentis may petition the school or District’s administration for special arrangements to address the student’s unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement’s requirements. The agreement shall be signed by the student, the student’s parent, legal guardian, persons having lawful control of the student or person standing in loco parentis, and the school or District administrator or designee.

Credit Courses
Students with eleven (11) unexcused absences in a course in a semester shall not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation.

The Bentonville Police Department, in cooperation with the District, participates in the “Operation Stay in School” program. Any certified law enforcement officer may stop and detain any unsupervised school-age student found off school premises during school hours and request the production of documentation excusing her/his presence from school.

Students who attend in-school suspension shall not be counted absent for those days. Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student’s operator’s license unless he/she meets certain requirements specified in the statute.
If any student’s Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student’s IEP or 504 Plan take precedence.

Respect for the dignity of others is a cornerstone of civil society. Bullying creates an atmosphere of fear and intimidation, robs a person of his/her dignity, detracts from the safe environment necessary to promote student learning, and will not be tolerated by the Board of Directors. Students who bully another person shall be held accountable for their actions whether they occur on school equipment or property; off school property at a school-sponsored or approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus, or at designated school bus stops.

Students are encouraged to report behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, to their teacher or the building principal or other trusted adult. The report may be made anonymously. Teachers and other school employees
who have witnessed, or are reliably informed that a student has been a victim of behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, shall report the incident(s) to the building principal, or designee, as soon as possible. Parents or legal guardians may submit written reports of incidents they feel constitute bullying, or if allowed to continue would constitute bullying, to the building principal, or designee.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form.

A building principal, or designee, who receives a credible report or complaint of bullying shall:

1. As soon as reasonably practicable, but by no later than the end of the school-day following the receipt of the credible report of bullying:
   a. Report to a parent, legal guardian, person having lawful control of a student, or person standing in loco parentis of a student that their student is the victim in a credible report of bullying; and
   b. Prepare a written report of the alleged incident of bullying;
2. Promptly investigate the credible report or complaint of bullying, which shall be completed by no later than the fifth (5th) school-day following the completion of the written report.
3. Notify within five (5) days following the completion of the investigation the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis of a student who was the alleged victim in a credible report of bullying whether the investigation found the credible report or complaint of bullying to be true and the availability of counseling and other intervention services.
4. Notify within five (5) days following the completion of the investigation the parent, legal guardian, person having lawful control of the student, or person acting in loco parentis of the student who is alleged to have been the perpetrator of the incident of bullying:
   a. That a credible report or complaint of bullying against their student exists;
   b. Whether the investigation found the credible report or complaint of bullying to be true;
   c. Whether action was taken against their student upon the conclusion of the investigation of the alleged incident of bullying; and
   d. Information regarding the reporting of another alleged incident of bullying, including potential consequences of continued incidents of bullying;
5. Make a written record of the investigation, which shall include:
   a. A detailed description of the alleged incident of bullying, including without limitation a detailed summary of the statements from all material witnesses to the alleged incident of bullying;
   b. Any action taken as a result of the investigation; and
6. Discuss, as appropriate, the availability of counseling and other intervention services with students involved in the incident of bullying.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. In determining the appropriate disciplinary action, consideration may be given to
other violations of the student handbook which may have simultaneously occurred. In addition to any disciplinary actions, the District shall take appropriate steps to remedy the effects resulting from bullying.

Notice of what constitutes bullying, the District’s prohibition against bullying, and the consequences for students who bully shall be conspicuously posted in every classroom, cafeteria, restroom, gymnasium, auditorium, and school bus. Parents, legal guardians, person having lawful control of a student, persons standing in loco parentis, students, school volunteers, and employees shall be given copies of the notice annually.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation, the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying. Copies of this policy shall be available upon request.

COMPLAINTS AND GRIEVANCES
4.32 - COMPLAINTS/CONCERNS
It is the goal of the District to be responsive to the community it serves and to continuously improve the educational program offered in its schools. The District welcomes constructive criticism when it is offered with the intent of improving the quality of the system’s educational program or the delivery of the District’s services.

The Board formulates and adopts policies to achieve the District’s vision and hires a Superintendent to implement its policies through administration and supervision of the District. In order to secure prompt and equitable resolution of any student/parent complaints, students and/or parents must comply with the following steps to ensure the complaint can be properly addressed. A student may be represented by an adult at any level of the complaint.

If the complaint involves a problem with a teacher, the student/parent must discuss the matter with the teacher before requesting a conference with the principal. If the complaint does not involve a teacher, the student/parent must request a conference with the principal who shall schedule and hold a conference with the student/parent.

If the outcome of the conference with the principal is not to the student/parent's satisfaction, the student/parent may request a conference with the Executive Director of P-4, 5-8, or 9-12 Education according to the student's grade level. The Executive Director shall schedule and hold a conference.
Prior to the conference, the student/parent shall submit a written complaint that includes a statement of the complaint and any evidence in its support, the solution sought, the student/parent’s signature, and the date of the conference with the principal.

If the outcome of the conference with the Executive Director is not to the student/parent’s satisfaction, the student/parent may request a conference with the Superintendent/Superintendent Designee who shall schedule and hold a conference. The Superintendent/Superintendent Designee shall listen to the student/parent’s complaint and take whatever action is deemed appropriate.

CONDUCT TO AND FROM SCHOOL

4.20 - CONDUCT TO & FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

The District’s Student code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate student code of conduct rules.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices. The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District’s Student Code of Conduct, the student’s bus transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

Students are eligible to receive District bus transportation if they meet the requirements. Please see the Transportation section of the student handbook. The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student’s parent or guardian.

CRISIS INTERVENTION

Bentonville Schools recognize that its responsibility for the safety of students extends to possible natural and man-made disasters and that such emergencies are best met by planning and preparedness. Crisis intervention teams have been identified in each school to be activated in case of
a crisis. These teams, as well as building and district administrators, will be responsible for a coordinated response to emergencies. Emergency procedures are posted in each classroom and drills are to be conducted at least three times a year. In the event of terrorism and/or national disasters, governmental agencies will intervene.

**DISCIPLINE PROCEDURES**

**4.18 - STUDENT DISCIPLINE**

**Section 1:Introduction**

The Board has a responsibility to protect the health, safety, and welfare of the District’s students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs: at any time on the school grounds; off school grounds at a school-sponsored function, activity, or event; going to and from school or a school activity.

The District’s administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include but are not limited to a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student’s appropriate due process rights.

The District’s licensed personnel policy committee shall annually review the District's student discipline policies, including State and District student discipline date, and may recommend changes in the policies to the Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District’s student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgment form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.
The superintendent/superintendent designee is authorized to modify the penalties set forth in the District’s student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of any such report made to law enforcement.

The Board believes that penalties for violations of the behavioral standards indicated in Section 1 of this policy should be fairly administered and appropriate to the particular violation (or cumulative violations, in the case of a student who repeatedly misbehaves). The following interventions are available to school personnel; however, nothing in this policy is intended to require that a less severe intervention be used prior to the use of any other intervention. School personnel are expected to choose the particular intervention, which they believe to be most appropriate for a specific student who has committed a specific offense. Corporal punishment is not an approved method of discipline. While the following corrective measures are approved by the Board, staff members are expected to treat all students with courtesy and respect and to maintain positive approaches in helping students develop acceptable patterns of behavior.

- Conference between the teacher, the student, and/or the parent
- Loss of privileges
- Referral to a building administrator
- Referral to other school personnel (counselor, nurse, etc.)
- Referral to out-of-school personnel (physician, psychologist, law enforcement personnel, etc.)
- Detention
- In-school suspension
- Behavior plan
- Other alternative placement
- Out-of-school suspension
- Referral to the Interim Disciplinary Hearing
- Expulsion
All consequences imposed by school personnel should meet the following guidelines:

1. All methods of discipline should avoid causing a serious inconvenience to students other than the student(s) involved. Mass punishment is to be avoided.

2. All methods of discipline should avoid promoting an attitude unfavorable to academic or other school work.

The superintendent/superintendent designee shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

Section 3: District Behavioral Standards

In addition to the offenses listed above, the District authorizes the administration to maintain a safe and orderly environment. Any student behavior that disrupts the learning environment is prohibited. Please refer to policy 4.19 Prohibited Conduct.

Section 4: Progressive Discipline

Discipline of secondary students will be progressive based upon a student’s disciplinary history.

Section 5: Confidentiality

Disciplinary actions will not be entered on a student’s permanent record and will not be divulged to unauthorized personnel.

Section 6: Discipline of Students with Disabilities

A student with a disability, as defined in state standards, who engages in inappropriate behavior is subject to normal school disciplinary rules and procedures, provided the student’s right to a free and appropriate public education is not violated. The following provisions will apply:

The individualized education plan (IEP) team for a disabled student should consider whether particular disciplinary procedures should be adopted for that student and included in the IEP, and if a disabled student’s placement is to be changed for a period of time exceeding ten (10) days, District special education personnel will be consulted to assure that proper due process procedures are followed.

4.28 - GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

- Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
- Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;

- Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.

Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

4.21 - DISRUPTION OF SCHOOL

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school’s orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal’s designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher’s ability to teach the students, the class, or with the ability of the student’s classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration.

**4.22 - STUDENT ASSAULT OR BATTERY**

A student shall not threaten, physically abuse, or attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures, vulgar, abusive or insulting language, taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common understanding, is calculated to: a) cause a breach of the peace; b) materially and substantially interfere with the operation of the school; c) arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation. Students guilty of such an offense may be subject to legal proceedings in addition to student disciplinary measures.

Students who violate this policy, at any school sanctioned event, may be subject to legal proceedings in addition to student disciplinary measures.
With the exception of recognized tobacco cessation products, this policy’s prohibition includes any tobacco or nicotine delivery system or product. 4.26 - DRUGS AND ALCOHOL
An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who: is on or about school property; is in attendance at school or any school-sponsored activity; has left the school campus for any reason and returns to the campus, or is en route to or from school or any school-sponsored activity.

Prohibited substances shall include, but are not limited to, alcohol, or any alcoholic beverage, inhalants or any ingestible matter that alter a student’s ability to act, think, or respond, LSD, or any other hallucinogen, marijuana, cocaine, heroin, or any other narcotic drug, PCP, amphetamines, steroids, “designer drugs,” look-alike drugs, controlled substance analogs* or any controlled substance.

*An analog is a substance which has a stimulant, depressant, or hallucinogenic effect on the central nervous system that is similar to the stimulant, depressant, or hallucinogenic effect on the central nervous system of a controlled substance. This includes, but is not limited to, K2, spice, genie, and zohai.

The sale, distribution, or attempted sale or distribution of over-the-counter (OTC) medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited. The possession or use of OTC medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited except as permitted under Policy 4.39—STUDENT MEDICATIONS.

All medications, prescription, and non-prescription must be registered with and kept in the nurse’s office. It is the responsibility of the parent/student to register all medications in the school nurse’s office. Students of the District who possess, use, sell, distribute, manufacture, or are under the
influence of any form of medication, other than in compliance with the procedures established for such medications, while on school property, including buses, and at school-sponsored activities, are in violation of school policy and shall be subject to discipline.

For those who violate this policy, the disciplinary sanction will be stern. This may, and likely will, include suspension and expulsion. In addition, a parent/guardian conference will be required and the police may be notified.

**4.29 - STUDENT SEXUAL HARASSMENT**

The District is committed to having an academic environment in which all students are treated with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

Believing that prevention is the best policy, the District will periodically inform students and employees about the nature of sexual harassment, the procedures for registering a complaint, and the possible redress that is available. The information will stress that the District does not tolerate sexual harassment and that students can report inappropriate behavior of a sexual nature without fear of adverse consequences. The information will take into account and be appropriate to the age of the students.

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment as defined in this policy. Any student found, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion.

Sexual harassment refers to unwelcome sexual advances, requests for sexual favors, or other personally offensive verbal, visual, or physical conduct of a sexual nature made by someone under any of the following conditions:

- Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual’s education;
- Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
- Such conduct has the purpose or effect of substantially interfering with an individual’s academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms “intimidating,” “hostile,” and “offensive” include conduct of a sexual nature which has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student’s ability to participate in, or benefit from, an educational program or activity.
Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances. Depending upon such circumstances, examples of sexual harassment include, but are not limited to: unwelcome touching; crude jokes or pictures; discussions of sexual experiences; pressure for sexual activity; intimidation by words, actions, insults, or name calling; teasing related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual; and spreading rumors related to a person's alleged sexual activities.

Students who believe they have been subjected to sexual harassment, or parents of a student who believes their child has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will assist them in the complaint process. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

To the extent possible, complaints will be treated in a confidential manner. Limited disclosure may be necessary in order to complete a thorough investigation. Students who file a complaint of sexual harassment will not be subject to retaliation or reprisal in any form.

Students who knowingly fabricate allegations of sexual harassment shall be subject to disciplinary action up to and including expulsion.

Individuals who withhold information, purposely provide inaccurate facts, or otherwise hinder an investigation of sexual harassment shall be subject to disciplinary action up to and including expulsion.

4.23 - WEAPONS AND DANGEROUS INSTRUMENTS
Definitions
"Firearm" means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

“Possession” means having a weapon on the student’s body or in an area under the student’s control.

“Weapon” means any:
- Firearm;
- Knife;
Razor;
Ice pick;
Dirk;
Box cutter;
Nunchucks;
Pepper spray, mace, or other noxious spray;
Explosive;
Taser or other instrument that uses electrical current to cause neuromuscular incapacitation;
or
Any other instrument or substance capable of causing bodily harm.

No student, except for Military personnel (such as ROTC cadets) acting in the course of their official duties or as otherwise expressly permitted by this policy shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon, before or after school.

- In a school building;
- On or about school property;
- At any school-sponsored activity or event;
- On route to or from school or any school-sponsored activity; or
- Off the school grounds at any school bus stop.

If a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student’s parent/legal guardian shall pick up the weapon from the school’s office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of one (1) year. The Superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis.

Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.
The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. EMERGENCY NUMBERS

Should the school be unable to contact a parent or designated responsible party, the child will have to remain at school and go home on the bus even though he/she is ill or injured.

EMERGENCY PLANS
FIRE DRILLS - An intermittent bell is the signal to follow the emergency exit plan. If fire or smoke is present, evacuate immediately to the nearest safe exit. Students must stay in the designated area with their class until the principal or designee give the return signal.

While credit is not permitted, any student going through the line at meal service will be provided with a regular meal tray regardless of the balance of the account. The meal will be charged to the student’s account, and parents or guardians will be responsible for payment.
Families wishing to avoid these charges when a student’s account balance is not sufficient to cover the day’s meal must send a lunch to school with the student.

Families choosing not to send a packed lunch and not to pay meal charges may have negative account balances sent to an outside agency for collection.

**Payment for Meals**
You may send cash or check (payable to Bentonville Schools) to pay for your student’s breakfast or lunch purchase. Checks should be made payable to the school, and the student’s lunch account number should be written on the check. When sending one check for multiple students, please indicate amount to be deposited in each account. Deposits may also be made online at [www.sendmoneytoschool.com](http://www.sendmoneytoschool.com)

**30 Day Correction Policy for Meal Charges**
Each student’s account balance is traced electronically, including deposit and purchase history. Families may view this information at [www.sendmoneytoschool.com](http://www.sendmoneytoschool.com) Questions or corrections may be directed to the school cafeteria or the Bentonville Schools Nutrition Services office 479-254-5045. Bentonville Schools Nutrition Services will make corrections to accounts that are found to be in error within 30 school days of when the error occurred.

**Notifications**
The District will contact parents via email, phone calls, text messages, and letters regarding lunch account balances.

**Free and Reduced Priced Meals**
Applications for free and reduced priced meals may be completed online at [https://lunchapp.com](https://lunchapp.com). Families wishing to complete the application on paper may contact Nutrition Services at 479-254-5045. The parent or guardian of a student participating in free or reduced meals must reapply at the beginning of every school year, as the prior year’s application is only valid for the first 30 days of school. After 30 days, all students without a processed application for free or reduced meals in the current school year will pay full price. Families with circumstances that have changed may apply/reapply at any time during the school year.

**Meal Pattern/Offer vs Serve**
Our meals meet USDA school breakfast and lunch guidelines. We offer five different food components to choose from daily: a meat or protein, grains and bread, fruits, vegetables, and milk. Federal guidelines do not require students to take every item that is offered for breakfast or lunch. However, Nutrition Services encourages students to take at minimum, three items for breakfast and three items for lunch that are offered to ensure a well-balanced meal.
**Lunch** Each student selects the appropriate number of food items for a reimbursable meal. At lunch five components are offered: meat (or meat alternate), grain, fruit, vegetable, and milk. At minimum a student must select a fruit or vegetable and two other components.

**Breakfast** Each student selects the appropriate number of food items for a reimbursable meal. Four components are offered: meat (or meat alternate), grain, fruit, and milk. At minimum, a student must select a fruit and two other components.

**Monthly Menus and Nutritional**
Monthly menus are posted in each cafeteria, as well as on the District Website. Menu nutritional information can be found on the District Website.

**Nutrition Rules/Guidelines**
Arkansas ACT 1220 established certain rules regarding student nutrition as well as the existence and limitation of foods and beverages in the public schools. As part of these rules, parents may provide foods of minimal nutritional value or candy to their own child but may not provide these foods to other children. Each school may provide any food or beverage item to students during the school day for up to nine different events each school year. These nine events are determined by the campus administration. Foods or beverage items that are a part of the instructional program and used to promote student learning are allowed.

**PARENTAL INVOLVEMENT**

Bentonville Schools recognize that a child’s education is a responsibility shared by the school and family during the entire time a child spends in school. To accomplish this purpose, each school has a Parental Involvement Plan which addresses the need for schools and parents/guardians to work together as knowledgeable partners to promote the educational success of their children. Involving parents/guardians is essential to improve student achievement; therefore, schools foster and support active parental/guardian involvement. Parents/guardians are always welcome and are encouraged to visit the school any time they might have questions or would like to view the operation of the school system. For security reasons, parents/guardians must check in at the office, provide a state ID and get a visitor’s badge before visiting any portion of the school. Parents who are observing or volunteering in a classroom setting will be given a copy of the building observation procedures as well as sign a confidentiality agreement.

The faculty/staff at each school extends an invitation for you to visit your child’s classroom, eat lunch with your child, and become an active volunteer at your child’s school. Should you have any questions concerning the contents of this handbook, you are encouraged to call your child’s school administrator. Visitors in the building or on the school grounds must enter and check in through the school office. Visitors are asked to present their valid state identification, which is scanned, and to wear the visitor badge given to them at check in. Student visitors from other schools or school age siblings of current students are not allowed because of the dual problems of space and class disruption; this includes the lunch hours. Parents may provide foods or candy to their own child but may not provide these foods for other children.

**5.18 - DISTRICT PARENTAL/COMMUNITY INVOLVEMENT**

The District understands the importance of involving parents and the community as a whole in promoting higher student achievement and general goodwill between the District and those it serves. Therefore, the District shall strive to develop and maintain the capacity for meaningful and productive parental and community involvement that will result in partnerships that are mutually beneficial to the school, students, parents, and the community. To achieve such ends, the District shall work to:

1. Foster effective parental involvement strategies and support partnerships among schools, parents, and the community to improve student achievement by:
   a. involving parents and the community in the development of the District’s long range school improvement and parental involvement planning process;
   b. scheduling regular parent involvement meetings to explain to parents and the community the content and achievement standards of the State of Arkansas, State and local student assessments, how the District’s curriculum is aligned with
the assessments, and how parents can work with the District to improve their child’s academic achievement;

c. maintaining a coordinated involvement program where the involvement activities of the District enhance the involvement strategies of other programs such as Head Start, HIPPY, Parents as Partners, Parents as Teachers, ABC, ABC for School Success, area Pre-K programs, and Even Start;

d. communicating to parents all available opportunities to participate in parental involvement programs, meetings, and other activities, including those activities specific to parents of limited English proficient students, students with disabilities, and/or gifted and talented students. Such communication shall be, to the extent practical, in a language the parents can understand; and

e. locating and modifying other successful parent and community involvement programs to suit the needs of our District.

2. Provide coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parental involvement by:

   a. designating a highly qualified, certified staff member at each school to serve as a parent involvement facilitator;

   b. reserving a minimum of 1% of the Title I, Part A annual allocation to support parental involvement activities, with 95% allocated to participating Title I, Part A schools. Parents of children receiving Title I, Part A services shall be involved in the development of the school’s parental involvement plan and decisions regarding how the school’s Title I, Part A Parental Involvement set aside funds are utilized;

   c. providing parents with the materials and training they need to help their children achieve. The District may use parent resource centers or other community based organizations to foster parental involvement and provide literacy and technology training to parents;

   d. implementing strategies that eliminate barriers that keep parents from being involved in their child’s education. This may include providing transportation and childcare to enable parents to participate, arranging meetings at a variety of times, and being creative when scheduling parent/teacher conferences; and

   e. providing reasonable support for other parental involvement activities as parents may reasonably request.

3. Build the school’s capacity for strong parental involvement by:

   a. providing schools the support necessary to enable them to plan and implement effective parental involvement activities;

   b. educating District staff, with the assistance of parents, in ways to work and communicate with parents and to know how to implement parent involvement programs that will promote positive partnerships between the school and parents; and

   c. training parents to enhance and promote the involvement of other parents.
4. Ensure the continued improvement of the District’s parental/community involvement program by:
   a. conducting, with the involvement of parents, community members, District administration, and certified and classified staff, an annual evaluation of the District’s parental involvement policy as it relates to strategies for increasing parental participation, identifying barriers to greater parent participation, and promoting higher student achievement; and
   b. utilizing the findings from the evaluation process to make recommendations to each school for parental involvement plan revisions and provide suggestions for designing school improvement policies as they relate to parental involvement.

This policy shall be part of the District and each school’s Title I, Part A plan and shall be distributed to parents of the District’s students and provided, to the extent practical, in a language the parents can understand.

PARENT/TEACHER CONFERENCES
Teachers shall communicate with the parent(s) or guardian(s) of each student during the school year to discuss the student’s academic progress. Frequent communication should occur with the parent(s) or guardian(s) of students not performing at the level expected for their grade. Teachers shall communicate with parents/guardians of each student at least once a semester through a parent-teacher conference, telephone conference, or home visit. All grade level conferences with parents/guardians shall be scheduled at a time and place to best accommodate those participating in the conference. The school shall document participation or nonparticipation of required conferences. If a student is to be retained at any grade level, notice of retention and the reasons for retentions shall be communicated promptly in a personal conference.

PARTIES
Homeroom parents may organize three classroom parties per year: Fall, Winter, and Valentine. Due to an increase in the number of students with food allergies and various medical conditions, food and drinks for classroom parties must be purchased and brought to school in sealed packages/containers with ingredient labels accessible for review.
Birthday parties are prohibited due to the loss of instructional time. Birthday treats are prohibited due to state guidelines as set forth in ACT 1220 of 2003.

Non-School Parties
Non-school events or birthday party invitations or advertisements distribution is not condoned, assisted or facilitated by the Bentonville Schools. Bentonville Schools is not responsible nor can we guarantee the welfare of your child at a non-school sponsored event.
PHYSICAL EDUCATION/ACTIVITY
State Law mandates students in an elementary school 40 minutes of physical education instruction each week, with an additional 90 minutes of physical activity such as recess each week. If a student has limitations that will affect participation in physical education instruction or recess, it will be necessary to submit a written notice to the nurse to be excused. Continued limitations (more than one consecutive day missed) will require a medical doctor’s written excuse on file.

PROFESSIONAL QUALIFICATIONS OF TEACHERS
The Every Student Succeeds Act (ESSA) gives parents the right to know the professional qualifications of the classroom teacher who instructs their children. Specifically, the parents can request the information listed below:

- Has the teacher met Arkansas qualifications and licensing criteria to teach the grade level and/or subject area to which he/she is assigned?
- Has the state waived its qualifications and licensing criteria to permit the teacher to teach on an emergency or provisional license?
- What is the teacher’s college major, graduate certification or degrees, and the field or discipline for those certificates or degrees?
- What are the qualifications of a teacher’s aide or similar paraprofessional providing instructional assistance to your child?

Parents may request the above information by completing in writing a request form that can be obtained from the Human Resources Department. Requests will be fulfilled in a timely manner.

PROGRESS REPORTS
5.11 - STUDENT PERFORMANCE
GRADING SYSTEM:
Grades assigned to students for performance in a course shall reflect only the extent to which a student has achieved the expressed academic objectives of the course. Educational objectives are those contained in the Arkansas Standards and the Arkansas Curriculum Frameworks.

PROGRESS REPORTS – GRADES K-4
Student progress will be reported to parents on a regular basis.

1. A standards-based report card (Kindergarten – 4th grade) will be issued every nine-week period.
2. Parent-teacher conferences are scheduled at least once a semester; however, conferences may be requested at any time a need arises.
3. If a student retention is being considered at any time, that information will be communicated and regular progress reports will be made regarding possible retention.
Kindergarten – 4th grade report cards reflect the learning goals of the Arkansas Standards and the Arkansas Curriculum Frameworks as required by the state of Arkansas. Students should master these goals by the end of each grade level.

Scores are broken down into four 9-week periods and then listed by skill. If a student has not met mastery of a skill it will be re-assessed during the following 9-week period.

5.13 - PROMOTION AND RETENTION

The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student’s possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian of the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student’s academic success.

At least once each semester, the parents, legal guardians, persons having lawful control of the student, or person acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

High school students must have completed the following number of credits in order to be classified as sophomores, juniors, and seniors:

- Five and one-half (5.5) to be classified as a sophomore;
- Eleven (11) credits to be classified as a junior; and
- Seventeen (17) to be classified as a senior.
Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students or their required retaking of a course shall be primarily based on their ability to succeed in the next grade. The parents or guardians of any student who is to be retained at any grade level (K-6) shall be given written notice for possible retention in writing prior to February 15. If a student enrolls after February 1, a written notice will be given as soon as possible regarding possible retention. If a deficiency of at least one full year exists in both literacy and mathematics for students in K-6, the student’s Retention Committee may consider retention.

If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held, before a final decision is made, that includes the following individuals:

1. The building principal or designee;
2. The student's teacher(s);
3. School counselor;
4. A 504/Special Education representative (if applicable); and
5. The student's parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student’s placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student shall have a student success plan (SSP). The SSP shall be developed by school personnel, in collaboration with the student's parents and the student. The plan will be reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:
The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and

- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8); or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may supersede the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion/retention or graduation of students with an Individual Educational Plan (IEP) shall be based on their successful attainment of the goals set forth in their IEP or completion of the Alternate Pathway to Graduation when applicable.

GRADUATION REQUIREMENTS

5.14 - GRADUATION REQUIREMENTS

Bentonville Schools requirements exceed the Arkansas Department of Education (ADE) graduation requirements and are detailed in this policy. All students must have completed graduation requirements before the day of graduation in order to participate in commencement exercises. Students who have not met graduation requirements before the ceremony may continue to complete requirements for his/her expected graduating class.

All students are required to participate in the default curriculum, Smart Core, unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a Smart Core Waiver Form to not participate. The Waiver Form will be made available annually in the academic course catalog for grades seven (7) through twelve (12) as well as Smart Core information. This policy is to be included in student handbooks for grades six (6) through twelve (12). Students not participating in the Smart Core curriculum will be required to sign the Smart Core Waiver form and fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the consent waiver forms.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they...
would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculum must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents at least every other year to determine if changes need to be made to better serve the needs of the District’s students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the District’s graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means.

- Inclusion in the course catalog and student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school’s annual public meeting for course selection, Parent - Teacher Organization (PTO) meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school’s counselors with students and their parents.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The District’s annual professional development shall include the training required by this paragraph.

To the best of its ability, the district shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of 'eligible child' in Policy 4.2 - ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

**Graduation Requirements**

The number of credits (or units) students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) credits are required for graduation for a student participating in either the Smart Core or Core curriculum. In addition to the twenty-two (22) credits required for graduation by the Division of Elementary and Secondary Education (DESE), the District requires an additional two (2) credits to graduate for a total of twenty-four (24) credits. The additional required credits may be taken from one (1) credit of practical arts/career studies and one (1) credit from any electives offered by the District. There are some distinctions made between Smart Core credits and Graduation credits. Not all credits earned toward graduation necessarily apply to Smart Core requirements. Beginning with 2019-2020 school year, incoming ninth (9th) grade students with Individualized Education Plans (IEPs) who are not participating in Smart Core must either meet the requirements for the Core Pathway or the Alternate Pathway in order to graduate with a regular diploma.

A ninth (9th) through twelfth (12th) grade student who successfully completes a college course(s) from an institution approved by the Arkansas Department of Education (ADE) shall be given credit toward high school grades and graduation at the rate of one high school credit for each three (3)semester
hours of college credit. Unless approved by the school’s principal, prior to enrolling for the course, the concurrent credit shall be applied toward the student’s graduation requirements as an elective.

A three-semester-hour remedial/developmental education course, as permitted by the ADE Rules Governing Concurrent College and High School Credit, shall be the equivalent of one-half unit of credit for a high school career focus elective. The remedial/developmental education course cannot be used to meet the core subject area/unit requirements in English and mathematics.

Participation in the concurrent high school and college credit program must be documented by a written agreement completed prior to enrollment between:

- The District’s student, and his or her parent(s) or guardian(s) if the public school student is under the age of eighteen (18);
- The District; and
- The publicly supported community college, technical college, four-year college or university, or private institution the student attends to take the concurrent credit course.

Students are responsible for having the transcript for the concurrent credit course(s) they have taken sent to their school in order to receive credit for the course(s). Credit for concurrent credit courses will not be given until a transcript is received. Students may not receive credit for the course(s) they took or the credit may be delayed if the transcripts are not received at all or in a timely manner; this may jeopardize students' eligibility for extracurricular activities, graduation, etc.

Students will retain credit earned through the concurrent credit program that was applied toward a course required for high school graduation from a previously attended, accredited, public school.

A student eligible to receive free or reduced price meals shall not be responsible for any of the costs for the student’s first six (6) concurrent credit hours so long as the concurrent credit courses are taught on the District grounds and by a teacher employed by the District. Any and all costs of concurrent credit courses beyond the six (6) hours permitted, that are not taught on the District’s campus, or are not taught by a teacher employed by the District are the responsibility of the student. Students who are not eligible to receive free or reduced-price meals are responsible for any and all costs associated with concurrent credit courses.

ASBA Model Policy
5.9 - HOME STUDY AND INDEPENDENT STUDY SKILLS

Home study is an extension of the regular school day. Whenever home study is given, it should supplement, complement, reinforce, and relate to the mastery of a subject. Home study is a vital part of the learning process. Students must assume responsibility for their class work just as they will assume job responsibility in the future.

Students and their parents/guardians have a responsibility for the student’s mastery of the subject matter. The learning process is a joint effort. Home study and/or individual study units will be discussed fully in the classroom so that parents are not required to give instruction. Parents can support homework by:

1. Cooperating with the school to make home study effective.
2. Providing their child with suitable study conditions.
3. Reserving a time for home study.
4. Encouraging their child.
5. Showing interest in what their child is doing, but not doing the work for them.
6. Understanding that the school expects home study to be completed and returned on time.

The student’s responsibility is to complete all home study assignments and to turn them in on the designated due date.

Parents shall be notified when a student repeatedly fails to complete home study assignments.

The teacher’s responsibility is to provide instruction to each student so that mastery of the subject matter can occur. The assignment of home study is an outgrowth of that classroom instruction. Understanding that the subject matter being taught lends itself to different “types” of home study, the following are examples of home study assignments given to students in the District:

1. Independent practice of newly learned skills.
2. Independent practice to reinforce learned skills.
3. Expansion activities beyond the subject matter presented in class.
4. Introduction of new material (such as the reading of a chapter in the text with a stated purpose for the reading).
5. Independent student projects, approved by the teacher.

The following statements serve as guidelines for classroom teachers as they make decisions about home study:

1. Home study must be relevant to the instruction in the classroom.
2. Skills taught in the classroom should first be guided and practiced in the classroom under the teacher’s supervision.
3. Home study assignments of newly learned material should be as short as possible and still retain meaning.
4. Classroom assignments not completed by the student during the instruction day can be required home study.
5. Each teacher giving an assignment from the text in class where only classroom sets of books are available should make provision for books to be taken home.
6. Teachers should present copied materials that can be seen clearly and have instructions to be used in completing them.
7. Home study should be considered in the grading of students.
8. Home study should provide immediate feedback to the teacher on areas of weakness in the students’ understanding of concepts and/or acquisition of skills.
9. Teachers should not use unrelated home study as a disciplinary measure.

The following are recommended guidelines for giving home study assignments.

**Primary Level**
Kindergarten Students may be assigned home study with an average of no more than 20 minutes a night.
First Grade Students may be assigned home study with an average of no more than 30 minutes a night.
Second Grade Students may be assigned home study with an average of no more than 40 minutes a night.
Third Grade Students may be assigned home study with an average of no more than 40 minutes a night.

**Intermediate Level**
Fourth Grade Students may be assigned home study with an average of no more than 50 minutes a night.
Fifth Grade Students may be assigned home study with an average of no more than one hour a night.
Sixth Grade Students may be assigned home study with an average of no more than one hour and fifteen minutes a night.

*Date Revised: 5/15/2017*

**RECESS**
It is our intent to take students outside for recess every day. During extreme temperatures and/or wind chill, recess could be shortened. Please dress your child appropriately.

**K-6 INCLEMENT WEATHER OUTDOOR RECESS**
Elementary and middle school students will go outside for recess unless weather conditions make it unsafe or unwise to do so.
- Students will typically go outside if temperatures are 30 degrees F or above.
- If temp and/or wind chills are between 25 and 30 degrees F, building administrators may use discretion when sending students outdoors. Factors to be considered may include:
  - Wind
  - Sun
Cold weather apparel of students
Length of time to be spent outdoors
Other factors as they rise

In very hot weather, administrators will use discretion when sending students outdoors for recess. Factors to be considered may include:
- Heat index
- Availability of shade
- Accessibility of water
- Other factors as they arise

The health and safety of students and staff will be primary considerations when making decisions regarding outdoor recess.

Our source for temperature and wind chill information is [www.weather.com](http://www.weather.com).

**STUDENT PERSONAL PROPERTY**

Students are cautioned not to bring valuables or large amounts of money to school. Students, not the school, are responsible for their personal property. Articles of clothing and personal belongings should be marked with the student’s name.

Toys or electronic devices used as toys should not be brought to school unless they are to be used in a class activity. Such items should be taken to the teacher’s room and left there until the end of the day. They are not to be used outside the classroom at any time.

Due to crowded hallways and limited locker space, backpacks on wheels are prohibited.

**SUSPENSION FROM SCHOOL & EXPULSION**

4.34 - SUSPENSION FROM SCHOOL

Students not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs at any time on the school grounds, off school grounds at a school-sponsored function, activity, or event or going to and from school or a school activity. A student may be suspended for behavior including, but not limited to that which:

1. Is in violation of school policies, rules, or procedures.
2. Substantially interferes with the safe and orderly educational environment.
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves vulgarity.
Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

a. Poses a physical risk to himself or herself or to others;

b. Causes a serious disruption that cannot be addressed through other means; or

c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student.

1. The student shall be given written notice or advised orally of the charges against him/her.

2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts.

3. If the principal finds the student guilty of the misconduct, he/she may be suspended. When possible, a notice of the suspension, its duration, and any stipulations for the student’s readmittance to class will be given to the parent(s) or legal guardian(s) prior to the suspension. Such notice shall be handed to the parent(s) or legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as possible.

Out-of-school suspensions shall be treated as unexcused absences, and during the period of suspension, students shall not be permitted on campus except to attend a student/parent/administrator conference.

It is the responsibility of the student's parents, legal guardians, person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means listed in order of priority:

- A primary call number; (the contact may be by voice, voicemail, or text message.)
- An email address;
- A regular first-class letter to the last known mailing address

The District shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.
The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of Out of School Suspension (OSS). During the period of their suspension, student serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education programs.

In-school suspension shall be treated as if the student were present at school. The student shall not attend any school-sponsored activities during the imposed suspension nor shall the student participate in any school-sponsored activities.

A parent/guardian may appeal suspension decisions to the building principal. If the principal upholds the suspension, the parent may make a second appeal to the Executive Director of Education per student level. If the Executive Director of Education upholds the suspension, the parent may make a third appeal to the Superintendent/Superintendent Designee.

At each level of appeal, the person or group hearing the appeal may affirm, revoke or alter the decision made at the previous level. Procedural due process, as defined by statutes and court decisions, will be followed at the stage of the suspension process.

**4.35 - EXPULSION**

The Board may expel a student for a period longer than ten (10) school days for violation of the District’s written discipline policies. The Superintendent may make a recommendation of expulsion to the Board for student conduct deemed to be of such gravity that suspension would be inappropriate, or where the student’s continued attendance at school would disrupt the orderly learning environment or would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

a. Poses a physical risk to himself or herself or to others;

b. Causes a serious disruption that cannot be addressed through other means; or
c. Is the act of bringing a firearm or weapon on school campus.

Prior to any expulsion recommendation being forwarded to the Board, the case will be reviewed by the Administrative Disciplinary Hearing Team (ADHT) composed of three current administrators who will hear the case as presented by the Principal or designee. The Principal will also make a recommendation at the hearing for action to be taken. At the conclusion of the hearing, the ADHT will issue its decision based on the information presented by the Principal or designee.
After reviewing the decision of the ADHT, the Superintendent may recommend to the Board that the student be expelled for the specified length of time. In this event, the Superintendent or his/her designee shall give written notice to the parents or legal guardian (mailed to the address reflected on the District’s records) that he/she will recommend to the Board that the student be expelled and state the reasons for the recommendation. The notice shall give the date, hour, and place where the Board will consider and vote to affirm, reject or modify the recommendation.

If the parent or legal guardian of the student, involved in the disciplinary actions, wishes to appeal the expulsion to the Board, the parent or legal guardian may request an appeal hearing through the Superintendent. In the event, the disciplined student has established a residence in the District pursuant to Ark. Code Ann. § 6-18-202 that is separate and apart from the student’s parents, guardians, or other persons having lawful control of him or her under an order of a court, the student shall possess the same right to request an appeal to the Board.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the District administration and Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or older requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted. However, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by Policy 4.23, the Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, or legal guardians, persons having lawful control of the
student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student’s period of expulsion. The District’s program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

**TECHNOLOGY**

**4.31 - INTERNET SAFETY AND ELECTRONIC DEVICE USE POLICY**

**Definition**

For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of District electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device-use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and Electronic Device use agreement is incorporated by reference into Board policy and is considered part of the student handbook.

**Technology Protection Measures**

The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors; therefore, it is the policy of the District to protect each electronic device with Internet filtering software that is designed to prevent students
from accessing such materials. For purposes of this policy, “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:

(A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
(B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
(C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Internet Use and Safety
The District is dedicated to ensuring that students are capable of using the Internet in a safe and responsible manner. The District uses technology protection measures to aid in student safety and shall also educate students on appropriate online behavior and Internet use including, but not limited to:

- interacting with other individuals on social networking websites and in chat rooms;
- Cyber bullying awareness; and
- Cyber bullying response.

Misuse of Internet
The opportunity to use the District’s technology to access the Internet is a privilege and not a right. Students who misuse electronic devices or Internet access in any way will face disciplinary action, as specified in the student handbook and/or Internet safety and electronic device use agreement. Misuse of the Internet includes:

- The disabling or bypassing of security procedures, compromising, attempting to compromise, or defeating the District’s technology network security or Internet filtering software;
- The altering of data without authorization;
- Disclosing, using, or disseminating passwords, whether the passwords are the student’s own or those of another student/faculty/community member, to other students;
- Divulging personally identifying information about himself/herself or anyone else either on the Internet or in an email unless it is a necessary and integral part of the student’s academic endeavor. Personally identifying information includes full names, addresses, and phone numbers.
- Using electronic devices for any illegal activity, including electronic device hacking and copyright or intellectual property law violations;
- Using electronic devices to access or create sexually explicit or pornographic text or graphics;
- Using electronic devices to violate any other policy or is contrary to the Internet safety and electronic device use agreement.

Technology violations will result in disciplinary consequences.
Students who abuse or misuse the school computers may have the following disciplinary actions taken as well:
• The disciplinary action may include suspension and/or recommendation for expulsion.
• Discipline may be more severe depending on the infraction.
• Depending on the severity of the first offense, students in computer-related classes who violate the computer use agreement may be allowed to complete their coursework using a restricted account.

TELEPHONES
The school telephone is for business calls only. Children are not called to the telephone except in case of emergency. Please make arrangements for your children in advance in the event of an unexpected early closing of school. If you wish to speak to the teacher, leave your name and number, and he/she will return your call as soon as possible. The nurse will contact the parents when a child needs to go home because of illness.

4.53 POSSESSION AND USE OF CELL PHONES AND OTHER ELECTRONIC DEVICES
Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of state originated tests, no electronic device, as defined in this policy, shall be accessible by a student at any time during test administration unless specifically permitted by a student's IEP or individual health plan; this means when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions.

As used in this policy, “electronic devices” means anything that can be used to transmit or capture images, sound, or data.

Use of an electronic device is permitted to the extent it is approved in a student's individualized education program (IEP) or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to record audio or video or to take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school-sponsored functions outside the regular school-day is permitted to the extent and within the limitations allowed by the event or activity, the student is attending.

A parent shall obtain approval from the student’s building principal before operating a student-tracking safety device at school or at a school-sponsored event if the device has a recording or listen-in capability. The District requires the device’s recording and listen-in technology to be disabled while the device is on the campus or at the school-sponsored event because of student privacy concerns. The District prohibits unauthorized audio or visual recordings or transmission of audio or images of other students. The student’s parent shall agree in writing to the requirement for the device’s recording and listening-in technology to be disabled and that the District may prohibit future use of the device on campus or at a school-sponsored activity if it is determined that the device’s recording or listening-in capabilities were used in violation of this policy before the student safety tracking device may be on campus or at a school-sponsored event.

The student and/or the student’s parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school’s administration office by the student’s parents or guardians. Students have no right of privacy as to the content contained on any electronic devices that have been confiscated. A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.36—SEARCH, SEIZURE, AND INTERROGATIONS.

Students who use school-issued cell phones and/or computers for non-school purposes, except as permitted by the district’s Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school-issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages, or making or answering phone calls while driving a motor vehicle that is in motion and on school property. Violation may result in disciplinary action up to and including suspension.

TRANSPORTATION - BUS
It is the purpose of the Bentonville Schools Transportation Department to provide students who live within the Bentonville School District safe and timely transportation. To assist us in achieving this goal, we depend on parental support and cooperation to help students understand the rules and expectations of riding the bus and the consequences of misbehavior.

IT IS A PRIVILEGE TO RIDE A BENTONVILLE SCHOOL BUS, NOT A RIGHT.

To be eligible to ride a Bentonville Schools bus, students must meet the following criteria:
- Currently reside within Bentonville School boundaries
- Please request bus service using only one of the following methods to expedite your request:
  1. phone your schools office or the transportation office;
  2. online form found under the transportation website, or;
  3. in person at your schools office.
- Bus service may be started at any point during the school year upon request for eligible students. Bus service may end after three consecutive days with no student at the bus stop.
- Your student will be allowed to ride home with a friend if a note from a parent or guardian is provided and includes the name of your student, the name of the student your child is riding home with, your signature, and your contact number.
- Reside within the attendance zone for the school they attend.
- Reside outside the non-transport zone assigned for their school attendance zone.
- Abide by the Basic Rules, Safety Rules, and Severe Rules for Bus Riders.
- Abide by the Bus Stop Location Guidelines.
- Abide by the Student Guidelines At the Bus Stop.

BUS STOP LOCATION GUIDELINES:
- All stop locations must be approved by the Transportation Office.
- All stop locations are subject to review and change of location as determined by the Transportation Office.
- The distance between a child’s bus stop and their home may be up to six tenths (.6) of a mile which is equal to about 5 to 7 city blocks.
- Bus stops will be spaced no less than 300 feet apart unless approved otherwise by the Transportation Office.
- Bus stops will not be located at:
  - Intersections controlled by a traffic signal
* A place of business or daycare
* Multi-lane roads (4 lanes or more)
* Locations that cause the bus to back or turn around (if possible)
* Locations determined by the Transportation Office to be unsafe for students to wait or to load.

**STUDENT GUIDELINES AT THE BUS STOP:**

- Arrive at least 5 minutes before the scheduled arrival of the bus.
- Wait off the roadway at least 10 feet.
- Be visible to the driver at the bus stop.
- Students must not wait inside a car, home, or garage. All students are required to be physically standing outside and at the bus stop 5 minutes before the scheduled time of arrival.
- Approach the bus only after it has come to a complete stop and the driver has opened the door.
- Students crossing the street/roadway at a bus stop must cross 10 feet in front of the bus as they get on and off the bus.
- When crossing the street/roadway to board the bus, wait until the bus comes to a complete stop and the driver has stopped all traffic.
- Students must watch the bus driver and wait until the bus driver gives a signal for the students to cross the roadway to board the bus.
- Students will be picked up and dropped off only at their assigned stop unless they have a note from their parent/guardian.
- If a student misses the bus, the parent will be responsible for transporting the student to school. The bus will not return to pick up your student.
- If a student misses the bus that student will not be allowed to board the bus at a stop later in the route.
- If your child is not prepared to board when the bus arrives he/she may be subject to disciplinary action.
- Kindergarten students will not be dropped off without a parent or guardian present. A parent, guardian, or older sibling is required to accept their K student.

**BEHAVIOR AT THE BUS STOP:**

- Students are expected to avoid any horseplay and respect the property of all others while they wait at the bus stop.
- Students are expected to observe the same behavior at the bus stop as they are expected to on any school campus.
- Elementary students should be accompanied to and from the bus stop by a parent/guardian and remain with the student while waiting for the bus to arrive.

**INCLEMENT WEATHER - Transportation:**

In the event of inclement weather, Bentonville Schools may choose to run limited bus routes. The pick-up and drop-off times and locations will be developed by transportation and posted on the
school website. Even if you are not in an area prone to travel problems, often the bus routes include areas that may pose a challenge to bus transportation. Please be timely upon arrival at the designated pick up location. Buses will not be able to return for those running late. Your student will be returned to the same location for the afternoon route. If you are unable to meet the bus at the drop off site your student will be returned to the school that he/she attends. Regular bus service will resume as soon as it is determined that all routes can be run safely in their entirety.

PASSING OF SCHOOL BUSES
A portion of the State of Arkansas Statute 76-658 has been incorporated into the City of Bentonville Ordinance No. 84-5 and has been listed word for word on behalf of our pupils: Section 2: “That when any school bus stops and indicates by flasher lights that such bus is or is about to load or unload passengers, every operator of any motor or motorized vehicle conveyance within the city limits of the City of Bentonville, Arkansas, approaching the school bus from any direction, shall bring his/her vehicle to a full stop and shall not startup or attempt to pass the bus in any direction until the bus has finished displaying the flasher lights.” Please note that the Arkansas Statute 76-658 applies to all vehicle operators in the State of Arkansas.

**VISITORS**

Visitors in the building or on the school grounds must enter and check in through the school office. Visitors are asked to present their valid state identification, which is scanned, and to wear the visitor badge given to them at check in. Student visitors from other schools or school age siblings of current students are not allowed because of the dual problems of space and class disruption; this includes the lunch hours. Parents may provide foods or candy to their own child but may not provide these foods for other children.

**WEATHER**

When weather conditions are hazardous for buses to travel safely, school may be dismissed. On mornings in question, the local radio and TV stations will announce the decision as early as possible. School closings are also posted on the district web site (www.bentonvillek12.org) Parents may also sign-up for text or email notification by going online and filling out the Student Profile/Bus Request. This can be found by going to the Parents section the district website then to the Student Info link. If weather conditions become bad enough during school hours to require buses to make their runs before the regularly scheduled time, radio and television stations will be notified. Parents are encouraged to discuss alternate plans with their children in case of such an emergency.
