- SPED (11%)
- Non-FRL (66%)
- G&T (11%)

Measures of Academic Progress (MAP)

The percentages shown represent the percent of students achieving at or above the national average.

MAP measures student growth in math and literacy. This nationally-normed, adaptive assessment, given three times a year to Bentonville Schools' students, provides individualized performance data on student growth and achievement. The percentages shown represent the performance of students in the Winter 19-20 administration.
